and Sixth Form**

## 2016 A-Level Results

### Huge increase in the number of students achieving the very highest A-Level grades

A massive congratulations to all of our A-Level students who have achieved outstanding results this year. We continue to be very proud of all of our students and take great pleasure in celebrating their achievements. Thank you also to all parents who have worked so closely with us over the years and supported their child to achieve their potential.

The headline figures for our Year 13 students are as follows:

**A\* grades - 8%** (4% increase from 2015)  
**A\*- A grades - 21%** (2% increase from 2015)  
**A\* - B grades - 56%** (9% increase from 2015)  
**A\* - C grades - 82%** (4% increase from 2015)  
**A\*-D grades - 97%** (3% increase from 2015)  
**Pass rate - 100%**

Average Point Score per student – 773 (12 point increase)  
Average Point Score per entry – 220 (5 point increase)

Once again we have built on the successes of previous years' results and maintained our 100% pass rate. In particular results at the top end have increased significantly with, for example, double the number of students achieving an A\* grade this year compared to 2015. When Ofsted visited us in April 2016 they also recognised the Sixth Form as 'a significant strength of the school' and now such wonderful results indicate we are even better! In amidst concerns about this year's A-Level results nationally, with concerns raised about 'significant variations' and 'unpredictable outcomes', South Wolds is proud to maintain a continuing upward trend in results, especially with the very highest grades.

The Sixth Form Leadership team will now be working with students to finalise their university places or other plans for the future – last year no student left us without something promising to move on to, whether that was in education, employment or training.

It is not only our Year 13s who have a lot to celebrate; Year 12 students have excelled this year, with results even higher than last year!

The headline figures for Year 12 are as follows:

A grades - 17%  
A - B grades - 38%  
A - C grades - 60%  
A-D grades - 79%  
A - E Grades - 89%

**Yet again we have received a record number of applications for the Sixth Form and with results like these we are sure you can see why!**

**Visit the Admissions section of our website to download your application form now!**
