

# Year 7: Brilliant Britain

## Lessons

- L1: Map from memory
- L2: Comparing landscapes
- L3: Bipolar surveys
- L4: River Clyde
- L5: River Clyde Assessment
- L6: Feedforward
- L7: Giant's Causeway
- L8: Tourism in Wales
- L9: Nottingham 1
- L10: Nottingham 2
- L11. Revision
- L12: End of topic assessment

## Broad overview :

We begin by gaining an understanding of the countries that make up the different names given for our group of islands and then move on to discovering the contrasts in landscapes that make up this place. We embark on a tour around the UK, to illustrate different forms of human and physical geographies. We end with a small project that will give pupils the chance to design their own greenspace for Nottingham to fill the gap where the Broadmarsh once stood.

## Assessment:

- Mid Unit assessment: Extended Writing
- End Unit Assessment: End of Unit Test

## Homework

- Fortnightly quizzes set on Satchel One. *You need to login on your account* rather than that of your grown up at home.
- Revision for End of Unit Test

## Jobs

Tour guide  
Geologist  
Sustainable town planner  
Landscape Architect

## Keywords

ASPIRE  
Analyse - describe - for example—evidence  
Explain—because  
Evaluate - However  
Feed forward  
Annotate  
Compass directions  
Features—something you can see  
Process—an action  
Location—a point on a map  
Distribution—the spread of where things are  
Causes and impacts  
social, economic, environmental  
Sustainable  
Human geography / Physical geography  
Landscape,  
UK, Great Britain, British Isles,  
method, hypothesis, criteria, survey  
Scotland, Glasgow, Firth of Forth,  
ship building,  
Northern Ireland, Giant's Causeway, theories,  
Wales  
Tourism,  
Regeneration  
Greenspace  
Different types of pollution
